

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION III  
841 Chestnut Building  
Philadelphia, Pennsylvania 19107

MAY 19 1987

Ms. Kathleen Rockwood, Director  
Adams County Public Library  
59 East High Street  
Gettysburg, PA 17325

Dear Ms. Rockwood:

Thank you very much for allowing the U.S. Environmental Protection Agency (EPA) to establish repositories at the Adams County Public Library for three Superfund sites in the Gettysburg area: the Westinghouse Elevator Plant, Hunterstown Road, and Shrivvers Corner.

The availability of information to local citizens is an important part of the Superfund process, and we appreciate your willingness to help us carry out this aspect of our community relations program.

Please find enclosed the following documents to be placed in the Westinghouse repository:

1. Community Relations Plan; prepared for the EPA by ICF Incorporated
2. "National Priorities List Site" information sheet
3. Consent Order, U.S. EPA Docket No. III - 87-4-DC, March 1987
4. EPA fact sheet and cover letter dated September 2, 1986
5. "The Comprehensive Environmental Response, Compensation, and Liability Act of 1980" (CERCLA)
6. "The Superfund Amendments and Reauthorization Act of 1986" (SARA)
